Acme Commerce Product Catalog

Catalog version: Q1 2026 | Currency: USD

Acme Commerce is a fictional direct-to-consumer electronics company. This catalog defines the products referenced in the Q1 Business Report and Customer Policies documents.

Product portfolio

Product	Category	Price	Key specifications	Primary segment
SmartWatch Pro	Wearables	\$299	7-day battery; GPS; ECG; 5 ATM water resistance	Fitness and professional users
AirBuds X2	Audio	\$149	32-hour total battery; ANC; multipoint Bluetooth	Everyday commuters
HomeHub Mini	Smart Home	\$99	Matter-compatible; Wi-Fi 6; voice control	Smart-home beginners
PowerBank 20K	Accessories	\$79	20,000 mAh; 65W USB-C PD; 2 USB-C ports	Travel and remote workers
FitScale	Health & Fitness	\$69	Bluetooth; body composition; 180 kg capacity	Home fitness users

Product positioning

SmartWatch Pro is Acme's premium product and carries the highest unit price. AirBuds X2 is positioned as the high-volume audio product. HomeHub Mini is intended as an entry point into Acme's smart-home ecosystem. PowerBank 20K emphasizes travel and charging speed. FitScale is the lowest-priced fitness product.

Important cross-reference: the Q1 Business Report uses these exact product names when reporting units sold, revenue, return rate, and customer complaints.

Detailed Product Specifications

Product	Battery / Power	Connectivity	Warranty	Included
SmartWatch Pro	7 days	Bluetooth 5.3, Wi-Fi	12 months	Watch, charger, sport band
AirBuds X2	8h buds / 32h case	Bluetooth 5.3	12 months	Buds, case, USB-C cable
HomeHub Mini	USB-C 15W	Wi-Fi 6, Matter	24 months	Hub, USB-C adapter
PowerBank 20K	20,000 mAh, 65W	USB-C PD	18 months	Power bank, USB-C cable
FitScale	4 AAA batteries	Bluetooth 5.0	12 months	Scale, batteries, quick guide

Feature notes

SmartWatch Pro: GPS tracking, ECG measurements, workout modes, notifications, and sleep tracking. It is rated for water exposure up to 5 ATM.

AirBuds X2: active noise cancellation, transparency mode, multipoint Bluetooth, and a compact charging case.

HomeHub Mini: supports Matter-compatible devices and is designed for customers building a small smart-home setup.

PowerBank 20K: 65W USB-C Power Delivery can charge compatible laptops and phones. Actual charging speed depends on the connected device.

FitScale: tracks weight and body-composition metrics through the Acme mobile application.

Commercial Reference Data

Product	Target use case	Recommended customer	Q1 campaign

AirBuds X2	Commuting, calls, music	Urban commuters	Commute Better
HomeHub Mini	Basic smart-home automation	First-time smart-home buyers	Simple Smart Home
PowerBank 20K	Travel and mobile work	Frequent travelers	Power Anywhere
FitScale	Home fitness tracking	Fitness beginners	Start at Home

Catalog rules for the demo

Prices in this document are list prices before promotions. Warranty duration is product-specific and should not be inferred from another product. Product performance figures are specifications, not guarantees of real-world results.

Cross-reference examples: a question about whether a customer qualifies for warranty service may require this catalog plus the Customer Policies document. A question about which product had the highest Q1 revenue requires this catalog plus the Q1 Business Report.
